

COVERS UP TO 4,000 SQ FT

Lawn Dr. Ron has used his vast horticultural knowledge of soil biology and cultural requirements to create the perfect, all natural blend, to stimulate life in the soil, which will sustain and promote a healthy and lush lawn and landscape throughout the colder winter months. Fall Blend is designed to help provide the necessary nutrients and trace minerals to promote better cold hardiness of the total landscape and to promote healthy root growth throughout the winter.

Fall Blend is designed for use in the fall, from September to December, but it can be used at anytime of the year. For best results, use Ron's Spring Blend from March to June and Ron's Summer Blend from June to September.

Ingredients: Bio Solids, k-mag, dried molasses, humate, meals: (corn gluten, feather, alfalfa, cottonseed, corn, rice bran, sunflower, and wheat), humate, diatomaceous earth, granite, lava sand, basalt, soft rock phosphate, greensand and montmorillonite
