

COVERS UP TO 2,000 SQ FT

Lawn Dr. Ron has combined the best of all his products to create his most well-rounded blend, with over 25 ingredients. With our new clear plastic bags, you can see all the ingredients. Use this blend for all new landscape plantings. Can be used for lawns, trees, shrubs, gardens and flower beds. for new lanscape beds till in half the recommended rate and top dress with the other half and scratch into soil.

Super Blend is designed for use all year long. Ron recommends applying this blend to the top of the soil, as the nutrients will water down to the roots of your plants. You can apply a small amount in the hole when planting, but it is best applied as a top dressing and scratched in.
