

ECO-FRIENDLY GUIDE TO SOIL AMENDMENTS

RON'S SPRING BLEND- Apply at 20 lbs per 1000 sq. ft. Specifically designed for spring to stimulate the life in the soil for new growth.

RON'S SUMMER BLEND- Apply at 20 lbs per 1000 sq. ft. Contains many elements to keep the turf green beneath your feet during the summers intense heat.

RON'S FALL BLEND - When added at 20 lbs per 1000 sq. ft. it will give the soil what it needs to help your plants survive the winter

RON'S SUPER BLEND- The best of my blends mixed together to form the perfect food, for all new beds, trees, shrubs and plants. Use it in all new landscapes at 2 lbs per 50 sq. ft. For best results use every 8-12 weeks.

RON'S SUPER BLOOM- Apply at 5 lbs. per 100 sq. ft. every 2-4 weeks to promote on anything that blooms.

RON'S GROW GAIN - I blend this specifically for sick soils and diseased plants. This is also excellent for new grass. Apply at 20lbs. per 1000 sq ft for lawns. Beds: Apply at 5 lbs. per 100 sq. ft.

RON'S SUPER SAUCE - A foliar feed and soil drench. I've tried the rest and made the best. Use at 4 oz per gallon of water.

RON'S ROOT RIGHT - There is nothing like it. A mixture of my Super Sauce, glycosides, vitamins and hormones. Use as a presoak for roots before planting. Also works well poured as drench on new and sick plants.
